## WORK EXPERIENCE

Various 2016 - 2025

Malmö

Participated in several employment services and introductory courses in trucking and welding. However, the level of difficulty and knowledge was too high for me and this contributed to my inability to continue. Also actively looking for a job with various activities. Have also lived and studied in Italy for 15 years. Original professional background as an industrial seamstress

Gasoline pump fitter 2007 - 2016

Wayne Fueling Systems AB, Malmö, Sweden

My role involved responsibility for assembly work in the final stages of production, including sealing of hydraulics, decaling, and quality control. I also carried out some electrical assembly in the main electronics. The work required accuracy, technical understanding, and cooperation with colleagues on the production line. This gave me solid experience in industrial manufacturing and standardized work processes.

Circuit board assembler, Internship 2005 - 2005

Enics AB, Malmö, Sweden

During a three-month internship, I gained a thorough understanding of the manufacturing of printed circuit boards. I participated in several stages from start to finished product and learned how to use assembly equipment. The internship gave me an understanding of electronics production and the ability to work methodically in a high-tech environment.

Packager 2004 - 2004

Invima AB, Malmö, Sweden

Temporary employment where I packaged cosmetic products according to orders. The work required speed, accuracy and collaboration with other team members. Despite the short employment period, this was a good introduction to warehouse and packaging work.

Customer service representative 2002 - 2003

McCleane AB, Malmö, Sweden

The service involved washing and pressing various garments at a dry cleaner. Customer service and cashier duties were also included. Direct delivery to customers upon completion of work also occurred.

Data/network manager/booker 1998 - 2001

Skandia Placering AB, Malmö, Sweden

I was responsible for the company's IT systems in a Mac environment. I maintained and upgraded computers as well as the network. Additionally, I booked customer meetings by phone. This job combined technical support with administrative and social skills. The company closed in 2001.

Editor/proofreader 1996 - 1997  
Ultramatris, Laholm, Sweden  
I was responsible for proofreading and editing texts for a local newspaper. This also included contacting customers for advertisement bookings and assignments. The work required linguistic precision and the ability to manage deadlines.

Manufacturer sample cards furniture fabrics 1998 - 2001  
Giese Springolo SpA, Treviso, Italy  
I was employed at a medium-sized family-owned company where I specialized in creating sample cards for upholstery fabrics. My responsibilities encompassed the entire process, from initial fabric selection through layout design to final product delivery. This role significantly developed my aesthetic judgment and technical craftsmanship abilities. I decided to leave in order to pursue further professional growth opportunities.

## EDUCATION

Software and hardware knowledge 2002 - 2003  
Alfamation AB, Malmö, Sweden  
Education about the computer's various components and functions. Both software and hardware with associated programs.

Media education continued 2001 - 2001  
Infokomp AB, Malmö, Sweden  
Term-long continuation of the previous graphic media education with images and text in print

Graphic media education 1998 - 1999  
Infokomp AB, Malmö, Sweden  
Media education with a focus on graphic design with images and text in print. The software used was primarily Photoshop, Illustrator, Pagemaker and the Office package.

3-year high school qualification 1997 - 1998  
Södervärn, Malmö, Sweden  
Compressed education equivalent to 3-year upper secondary education with corresponding subjects.

Vocational school seamstress 1983 - 1985  
CFP Lancenigo, Treviso, Italy  
2-year vocational school focusing on industrial sewing with various machines and garment manufacturing.
